

# 02 Lite

“The ideal specialized, dedicated O2 pack...”

**Thomas O2 Lite is a compact airway bag designed to accommodate all O2 and airway supplies when storage space is tight and multiple carrying methods are required.**

**OUR  
NEWEST  
PACK**

The lid section has been engineered to open and remain upright during use to minimize supply loss and speed treatment time on scene.

The modular, removable and adjustable clear vinyl inside pockets are designed for maximum visibility and quick access of all airway supplies.

The O2 Lite features a fluid resistant, quick wipe down exterior material, hide away backpack straps, a shoulder strap, multiple padded handles, and Hi-Vis reflective striping. The O2 Lite can be stored either vertically or horizontally in your response vehicle with no shifting of equipment.

**The ideal specialized, dedicated O2 pack for agencies that are looking for an easy wipe-down, compact, organized, and highly durable and versatile airway equipment solution.**

Dimensions:  
Length: 24"  
Height: 11.5"  
Width: 9"

The O2 Lite features a handy oxygen wrench pocket to keep wrenches from disappearing.
