

MCI Man™ & MCI Ped™ THE MASS CASUALTY INCIDENT (MCI) TRAINING SOLUTION

Thomas MCI Man™ and MCI Ped™ are a smart, efficient way to help you conduct your MCI training and drills. These durable, inflatable training mannequins save money and time and **significantly reduce the liability** of conducting mass casualty incident drills.

Advantages of MCI Man and MCI Ped

- The MCI Man and MCI Ped are always available and never call in sick
- The MCI Man and MCI Ped inflate in seconds so drill preparation is quick and efficient
- The MCI Man and MCI Ped can be used in the harshest of weather environments, and over an extended period of time
- The MCI Ped simulates a child involved in a mass casualty incident, which is difficult to do with live volunteers
- The MCI Man and MCI Ped are economical and reusable

Features of MCI Man and MCI Ped

- *Clear chest pocket holds pre-scripted START disaster scenarios
- Compliant with JCAHO standards
- Available in adult (MCI Man) and pediatric (MCI Ped) sizes
- Durable plastic material resists punctures
- Quick inflation/deflation
- Sandbags in feet keep training mannequins in place
- Grommets on shoulders allow tie-down
- Stores easily for reuse

Great for Decon Training!
