

MCI Man™ & MCI Ped™

THE MASS CASUALTY INCIDENT (MCI) TRAINING SOLUTION

Thomas MCI Man™ and MCI Ped™ are a smart, efficient way to help you conduct your MCI training and drills. These durable, inflatable training mannequins save money and time and significantly reduce the liability of conducting mass casualty incident drills.

Advantages of MCI Man and MCI Ped

- The MCI Man and MCI Ped are always available and never call in sick
- The MCI Man and MCI Ped inflate in seconds so drill preparation is quick and efficient
- The MCI Man and MCI Ped can be used in the harshest of weather environments, and over an extended period of time
- The MCI Ped simulates a child involved in a mass casualty incident, which is difficult to do with live volunteers
- The MCI Man and MCI Ped are economical and reusable

Features of MCI Man and MCI Ped

- *Clear chest pocket holds pre-scripted START disaster scenarios
- Compliant with JCAHO standards
- Available in adult (MCI Man) and pediatric (MCI Ped) sizes
- Durable plastic material resists punctures
- Quick inflation/deflation
- Sandbags in feet keep training mannequins in place
- Grommets on shoulders allow tie-down
- Stores easily for reuse

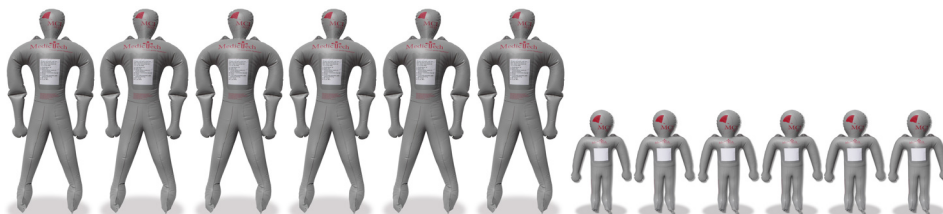

Great for Decon Training!
